GOLF COURSE RULES

In setting these rules for use of the golf course, the Club management is in no way attempting to restrict the enjoyment obtained from playing the course. It is, in fact, necessary to follow certain procedures to ensure maximum enjoyment of the golf course and grounds for all Members. The Club reserves the right, from time to time, to establish rules governing access to the golf course. All rules shall be applied on a fair and equitable basis. Pride in the Club, together with the thoughtfulness and consideration we afford our fellow golfers, will make the enforcement of any rules unnecessary.

1. **Rules and Etiquette of Play.** Members are required to familiarize themselves, their family and their guests with the rules and etiquette of golf, as outlined in the United States Golf Association handbook, which shall apply at all times except when in conflict with any local rules or these Rules. The USGA handbook is available for review in the golf shop. Excessive noise, golf club throwing, damaging the golf course, or profanity will not be permitted. Music is allowable on the golf course and at the practice range but must be at such a level not to intrude on the enjoyment of others.

2. **Dress Code**

Men acceptable attire

- Shirts with collars and sleeves, mock collared shirts with sleeves, slacks and golf shorts and golf shoes. All shirts must be tucked in on golf course and range.

Women acceptable attire

- Dresses, shirts, slacks, golf shorts and golf skirts and golf shoes

The guiding rule is Men and Women should wear clothing made for and designed for golf. The following types of clothing are prohibited on the golf course: denim of any kind, cutoffs, tennis shorts, cargo shorts, running shorts, tee-shirts, tank tops, sweatshirts and warm-up suits. If you are in doubt concerning your attire, please check with the golf shop.

3. Golf Shoes. To maximize the playing condition of our golf course and practice areas, all players must wear spikeless or soft spike shoes subject to approval by the golf shop. Players assume the risk of injury associated with utilizing spikeless shoes under all conditions. To minimize the risk of slipping or falling, be careful when walking in wet conditions or on hills or steep slopes, dead grass, bridges, platforms, steps and railroad ties, or on hard smooth surfaces or in golf cars. Golf shoes should be worn on the golf course and are restricted to the golf course, pro shop, men's and lady's locker rooms and terrace grill and patio. Playing or practicing golf barefoot is prohibited.

4. Hours. The hours and days of operation of the golf course(s), golf shop and practice range will be set by the Head Professional and posted at the golf shop. Hours may need to be adjusted for weather, maintenance, and special events. The golfing facilities may be closed to the Membership on Mondays.

5. Registration. All Members and all guests must register in the golf shop at least ten (10) minutes prior to tee time; otherwise the golf shop may not be able to hold tee times for groups who appear after the registration cutoff time.

6. Starting. All play must start on the No. 1 tee, unless directed to start elsewhere by the golf shop or Starter. **“Cutting-in” is not permitted at any time.** Under no circumstances are players permitted to start play from residences adjacent to or bordering a golf course.

7. Tee Times. Tee times will be required each day the golf course is open for Member play and may be reserved through the golf shop. Starting times may be made by telephone during hours and on days as posted in the golf shop. Members will need to provide the names of players in their group at the time of reservation using Fore Tees.

8. Cancellation. Please notify the golf shop of the cancellation of a tee time as early as possible. Cancellation should be at least one (1) hour before the scheduled tee time so that someone else may be able to use the tee time. Failure to timely cancel a tee time may result in a cancellation fee charged to the Member's account.

9. Playing Schedule. The playing schedule shall be determined by the Club from time to time in its sole discretion.

10. Playing Groups. Members are encouraged to play in foursomes; however, there may be times when groups with less than four players may be filled with twosomes or singles. Single players and twosomes or threesomes may be permitted at the discretion of the golf shop, if such play will not disrupt normal course traffic. Smaller groups should not expect to play through foursomes and should not exert pressure on the groups ahead. Five-somes are permitted only during Breakfast Club on Saturday and Sunday mornings and must tee off prior to 9am. Five-somes that choose to walk will be required to have (1) caddie per player (no double bagging). If all players utilize carts then a minimum of 2 fore caddies are required per group.

11. Pace of Play. All golfers are asked to maintain a four hour or less pace and should play to complete the course within the time limits posted in the golf shop. If your group falls behind by one clear hole, please speed up or let the group behind you play through. All players who stop for any reason after playing nine (9) holes must occupy the next tee before the following players arrive at the tee or they will lose their position on the golf course.

12. Slow Play. Each player should do their part to make a round of golf at the Club a pleasant experience for everyone and slow play hinders that enjoyment. Tips to keep play moving:

- Anticipate the club or clubs you may need and go directly to your ball. Always be near your ball to play promptly when it is your turn.
- Study and clear the line of your putt while others are doing the same.
- Mark your scores on the way to the next tee or while the others in your group are playing from the next tee.
- If possible, repair ball marks and divots while waiting for other players.
- When approaching a green, drive your golf car to the side or rear of the green on the best direct path to the next tee. Do not leave the golf car in front of the green where you will have to go back to get it.

13. Rangers/Marshals. Golf rangers or marshals may be on duty to help regulate play and enforce golf car regulations. They have full authority on the golf course and will enforce all rules and speed of play. Your cooperation is appreciated.

14. Practice. Members are to use the designated areas, driving range and practice putting green for practice. Under no circumstances are the regular tees, greens, or fairways to be used for practice.

15. Bag Storage. Golf bag storage and cleaning services are available pursuant to written agreement with the Club.

16. General. Each player must have his or her own set of golf clubs and bag. Members are reminded that they are not to leave golf bags or personal belongings unattended on Club property. The Club is not responsible for lost, damaged, or stolen property.

17. Guests. Members must adhere to the policies adopted by the Club for limiting guest play. All guests must be accompanied by a Member unless approved by the Head Professional. All guests must register in the Proshop prior to play.

18. Care of Course. To help maintain turf conditions, and as a courtesy to other players, all golfers are responsible for picking up tees, repairing their golf ball marks on the greens, filling divots made in the fairways and carefully raking sand traps after use. For players' convenience, sand bottles or buckets may be provided in the golf cars or at each tee.

19. Driving Range. The hours of the driving range will be posted in the golf shop. The driving range may be closed by the golf shop at any time to permit recovery of range balls or due to inclement weather or poor turf conditions. Range balls are for use on the driving range only and are not permitted on the golf course. Golf cars are not permitted on the tee area. Parking of golf cars is allowed in designated areas only (always on pavement). For safety reasons, range balls must be hit from designated areas only.

20. Lightning. Players are expected to exercise reasonable prudence and common sense when severe weather, e.g., thunder or lightning, is reported or observed in the area and are requested to leave the golf course and seek appropriate shelter. Players expressly assume all risk of injury while on the golf course due to lightning or other adverse weather. Players should not rely on the accuracy, reliability or adequacy of any storm systems implemented by the Club. The Club may suspend or cancel any tournament or scheduled play, if in the sole judgement of its Golf Professional or management, weather conditions create a clear and present danger of personal injury or death. Caddies can leave the course at any time they sense severe weather conditions.

Lightning Safety Tips:

Avoid: Open areas, water, metal wire fences, overhead wires and power lines, isolated trees, elevated ground, maintenance machinery and golf cars (golf cars are NOT lightning proof).

Seek: The Clubhouse, maintenance buildings, automobiles and on-course buildings.

Note: Raising golf clubs or umbrellas above the head increases the risk when lightning is near.

21. Handicaps. Handicaps are computed under the supervision of the Head Professional in accordance with the current USGA Handicap System. Members are responsible for the accurate posting of their scores following each round of golf. All scores are subject to review by the Head Professional to determine any violations.

22. Minor Play. The Club wishes to encourage minor play, but reserves the right to establish additional policies relative to minor play as it may deem necessary. Minors are defined as sons or daughters of a Member entitled to membership privileges who meet any imposed age requirements. Unless golfing privileges have been granted to the minor golfer by the Head

Professional , minor golfers must play with an adult Member. Minors are expected to follow the rules and etiquette of golf and conduct themselves in a gentlemanly/ladylike manner.

24. Violations. Violation of any golf rule, including continued violation, may result in fines or suspension of golfing privileges.

25. Social Guest Play. Social members may play only as a guest of the club under the same restrictions as listed by the guest policy and with pro shop approval. No such member shall play more than five (5) rounds of golf in a calendar year. Social members shall be required to play the applicable “guest” fees. Social members may have use of the driving range, but only after obtaining approval of the pro shop and payment of applicable fees. Social Members may be extended this guest of the Club access only during their inaugural year of membership.

26. Caddies. The Club at Wynstone is committed to a caddy program for the enjoyment of our Members as well as the development opportunities for young men and ladies. The Club at Wynstone allows Member Children to enroll and participate in our caddy program. Any Member that prefers not to use a Members son or daughter should advise the Golf Pro Shop of such request.
